

GLACIER Mounted Points

What's new and **COOL** in Abrasives these days?

...GLACIER Mounted Points from GRIER Abrasive!

GRIER's new product line of "GLACIER" mounted points cut as cool as a glacier. This remarkable new product is very effective on both Titanium and Stainless Steel work-pieces. Heat is a major factor in short life of an abrasive point. When heat is reduced, performance is enhanced and life of the point is greatly extended.

Try a few, and see the cost saving results for yourself.

Common Sizes Available for Trial

<u>PART #</u>	<u>SIZE</u>	<u>GRIT</u>	<u>MANDREL</u>
W164-W-32751	1/4 x 3/4	60	1/8 x 1-1/2
